EXECUTIVE SUMMARY

The Brandon Michaels Group of Marcus & Millichap, as Exclusive Advisor, is pleased to present 18424 & 18428 Ventura Boulevard and 5324 Otis Avenue, a 5,537-square-foot value-add multi-tenant storefront retail property situated on 29,960 square feet of land with approximately sixty three (63) parking spaces.

The offering consists of a combined 9,400-square-foot two parcels with frontage along Ventura Boulevard and a separate 20,560-square-foot rear parcel located behind the property, separated by an alley. The asset is positioned three parcels east of the southeast corner of Ventura Boulevard and Otis Avenue, just east of the signalized intersection at Ventura Boulevard and Reseda Boulevard, within the affluent Tarzana submarket of the West San Fernando Valley.

18424 & 18428 Ventura Boulevard and 5324 Otis Avenue offers a stable in-place income stream with meaningful rental upside. The property features highly functional suite sizes with shallow bay depths averaging approximately 922 square feet, making the spaces well suited for a wide range of retail, service, and medical uses. The efficient configurations reduce tenant improvement costs and downtime between leases.

The property's location adjacent to Providence Cedars-Sinai Tarzana Medical Center, the San Fernando Valley's premier medical hub, positions the site to attract medical and medically related users seeking proximity to hospital infrastructure, strong patient traffic, and long-term operational stability.

18424 & 18428 Ventura Boulevard is comprised of six storefront units currently occupied on short-term lease structures. With the exception of Unit 18432, which is leased through November 30, 2027, all tenants are on month-to-month agreements, with one existing vacancy, providing an immediate owner-user or value-add repositioning opportunity.

The tenant base currently pays \$8,325 per month (\$1.94 per square foot) on a combination of NNN and modified gross leases. CAM reimbursements have not been reconciled in recent periods, and tenants responsible for operating expense pass-throughs are currently paying below their pro rata share, presenting an additional opportunity to increase effective rental income.

The site benefits from excess land located at 5324 Otis Avenue, which is separated from the retail frontage by an alley and currently functions as dedicated and income-producing parking. The 20,560 square foot rear parcel is partially leased to neighboring users, including Taco Bell, Big O Tires, and a Shul, with the balance utilized by the subject property's tenants.

Big O Tires operates on a month-to-month lease and the Shul is leased through August 31, 2026, with each tenant paying 1,000 dollars per month. Taco Bell pays 5,300 dollars per month under a lease that runs through January 31, 2030, with two remaining five-year extension options.

In aggregate, the retail storefronts and parking income generate total revenue of 15,625 dollars per month, or 187,500 dollars annually.

Upon expiration of the Big O Tires and Shul parking agreements, the rear parcel could provide an approximately 37 parking spaces alongside the subject retail's already 10 onsite spaces, equating to a parking ratio of approximately 8.49 spaces per 1,000 square feet. The portion of the lot leased to Taco Bell for 16 parking spaces continues to generate stable contractual income, providing a secure revenue stream while preserving future flexibility for additional parking or alternative use.

18424 and 18428 Ventura Boulevard and 5324 Otis Avenue is strategically located along Ventura Boulevard, the San Fernando Valley's primary east-west commercial corridor connecting Calabasas to the west and Studio City to the east, with traffic counts exceeding 38,000 vehicles per day.

The property is positioned at a key commercial node with convenient access to the Ventura Freeway (U.S. 101) and is located less than 0.4 miles north of Providence Cedars-Sinai Tarzana Medical Center via Reseda Boulevard. The hospital recently completed a 624 million dollar redevelopment, reinforcing the area as one of the Valley's premier medical and service hubs and driving consistent daytime population and consumer demand.

The site benefits from strong co-tenancy and hospital-driven traffic and is designed to accommodate high customer volumes, with efficient ingress and egress via a rear alley accessed from Otis Avenue. The property provides approximately 63 surface parking spaces, equating to a parking ratio of 11.38 spaces per 1,000 square feet, which is exceptional for Ventura Boulevard retail.

Lease Rollover Provides Flexibility

The 5,537 square foot multi-tenant retail asset includes four of six units on month-to-month leases and one vacancy, creating a near-term opportunity to reposition rents or accommodate an owner-user.

Income-Producing Rear Parcel

The parking lot is partially monetized through agreements with neighboring Taco Bell, Big O Tires, and a Shul, generating \$7,300 dollars per month in additional income.

Below Market Rents

In-place retail income totals \$8,325 dollars per month, or \$1.94 dollars per square foot, and 15,625 dollars per month including parking revenue, providing clear mark-to-market potential on a mix of modified gross and triple net leases.

Functional Small-Bay Retail Layout

Suite sizes average approximately 922 square feet, supporting strong demand from medical, service, and neighborhood retail users with limited re-tenanting costs.

AREA OVERVIEW

THE HEART OF THE SAN FERNANDO VALLEY

Tarzana is centrally located in the San Fernando Valley and is characterized by a strong residential base, established retail corridors along Ventura Boulevard, and convenient regional connectivity. The submarket benefits from a stable, high-income demographic profile, proximity to major employment centers, and a growing medical and service-oriented tenant demand driven by the Providence Cedars-Sinai Tarzana Medical Center and surrounding commercial infrastructure.

18424 and 18428 Ventura Boulevard and 5324 Otis Avenue is strategically located just east of the southeast corner of Ventura Boulevard and Otis Avenue within an evolving Tarzana submarket that features more than 2.2 million square feet of retail and significant recent residential development, including over 800 newly completed multifamily units in the immediate area. The property is located approximately 0.4 miles from Providence Cedars-Sinai Tarzana Medical Center, one of the region's leading healthcare campuses.

The subject property is also approximately 0.5 miles from Village Walk Tarzana and The Residences at Village Walk. Village Walk Tarzana is a 149,259 square foot neighborhood shopping center anchored by TJ Maxx, LA Fitness, Chipotle, and other national retailers and restaurants, providing strong co-tenancy and

consumer draw. The adjacent Residences at Village Walk consists of high-quality apartment homes featuring upgraded interiors, private terraces, and views of the surrounding community, contributing to increased local density and spending power.

Providence Cedars-Sinai Tarzana Medical Center recently completed a 624 million dollar redevelopment that has transformed the area into a premier medical destination. The expansion includes a new six-story, 223,000 square foot patient tower with 190 patient rooms, significantly increasing hospital capacity and driving additional daytime population, employment, and demand for nearby retail and medical services.

18568 VENTURA BLVD IS 0.4 MILES FROM PROVIDENCE CEDAR-SINAI TARZANA MEDICAL CENTER

A \$624 million expansion project located 0.4 miles from 18568 Ventura Blvd has been completed and is now fully operational.

PROVIDENCE CEDAR-SINAI TARZANA MEDICAL CENTER

Two of Southern California's leading nonprofit healthcare organizations have created a joint venture that owns and operates Providence Tarzana Medical Center, conveniently located just 0.5 miles from 18568 Ventura Boulevard.

Providence St. Joseph Health and Cedars-Sinai have come together to enhance access to highly skilled medical care, specialized services and advanced health programs for the Tarzana community. The medical center's new name is Providence Cedars-Sinai Tarzana Medical Center. Providence and Cedars-Sinai have completed the redevelopment of the Tarzana campus, including a new patient-care tower with all private rooms, an expanded Emergency Department, new diagnostic and treatment services, and enhanced outpatient and ambulatory services. They are now onto the next phase which will include five new operating rooms, including a hybrid surgical suite and an advanced diagnostic and treatment center which will be completed in 2024. The hospital will be a destination medical center for the area.

The joint venture has expanded primary and specialty care services on the Providence Tarzana campus as well as enhance other programs, including heart, cancer and women's services. For particular services, such as those serving transplant patients, the partnership provides a continuum of care that ensures access to high-quality care during every phase of the healing process.

VISION

The new venture is Cedars-Sinai's first entry into a San Fernando Valley hospital, although there are a number of Cedars-Sinai outpatient locations throughout the region.

RANKING

Both the 249-bed Providence Tarzana medical center and 886-bed Cedars-Sinai hospital in Los Angeles were ranked within the nation's top 50 hospitals by Healthgrades in 2018.

SERVICES

The joint venture has expanded primary and specialty care services on the Providence Tarzana campus as well as enhance other programs, including heart, cancer and women's services.
